

**SAFE LAMINATE**  
**3 and 4 SPECIAL TECHNICAL SHEET (LUGGAGE STORAGE LOCKER)**

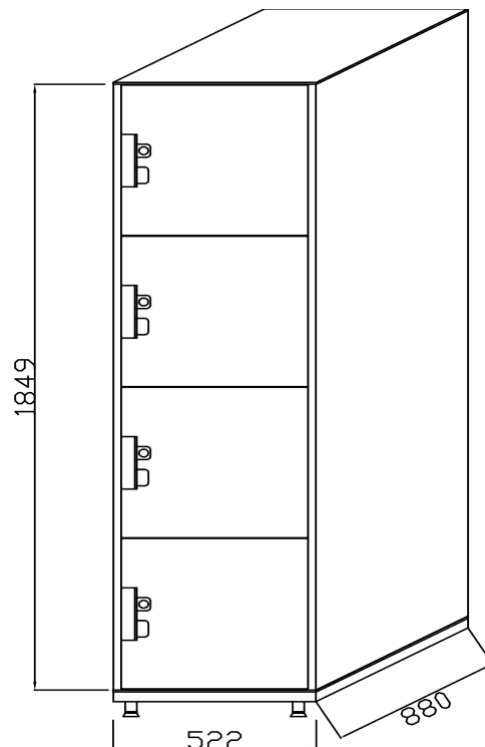

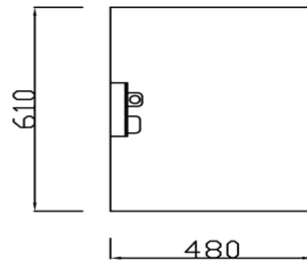

Our lockers for the LUGGAGE STORAGE are SAFELAMINATO 3 SPECIAL and SAFELAMINATO 4 SPECIAL.

The lockers are in STRATIFIED HPL with a 6 mm structure and 10 mm doors. The uprights are in anodized aluminum and the base is in 30x30 painted tubular steel.

In each module there is a driver board for managing the electric locks and the connection from module to module takes place with a bus cable.
